Brenda Kennedy
I have been attending G T Harvey for many years, I would not even consider going anywhere else. The staff are all extremely efficient and helpful and all the latest equipment is available. I suffer from ‘Dry Eye’ and am attended to by Stuart and Jenny. I have been a member of Eyecare 21 Scheme for some time now. As a member, I have annual eye checks and I know that I can visit the practice at any time when I am having eye problems. I have no hesitation in recommending G T Harvey to all of my friends and family. I was pleased to see a fantastic anti-reflective designer frame in September 2008. The practice has been holding events where all the latest frames by designer designer are on show. I highly recommend this practice.

Andrea Robson
I have been going to G T Harvey since I was a child, even before Stuart took over. Both my parents still go also. It is a lovely practice and all the staff are very kind. Claire and Jenny take care of my contact lens checks and Stuart and Jenny take care of my sight and eye health. As a Glaucoma sufferer in the family I thoroughly trust their standard of care and I now bring my son here for his check-ups with Jenny. I would recommend them to university friends in the past. No complaints at all.

Gillian Sawyer
Brilliant Opticians! We travel from Scotland as we feel so comfortable and very well looked after by Stuart and his team. We have been with the practice for 30 years and would not go anywhere else.

Neale Brown
Excellent service best eye care in the North East wouldn’t go anywhere else.

Janet Watson
The service I have received from Stuart and the team has been first class. It’s always a pleasure to visit the opticians where I have received a personal and individualised service. They have gone the extra mile with help before and after Cataract operations.

Catherine Wilmot
Having been with the practice for twenty years, G T Harvey offers a unique personal, professional, caring, reliable and friendly service. I would highly recommend for eye tests, spectacles and for contact lenses.

David Watchorn
Brilliant Opticians, I wouldn’t know what I’d do without them. Such a friendly and professional atmosphere. Would give 10 stars if I could.

Opening Hours:
Monday - Friday 8.30am - 5.15pm (Thursday 8.30am - 7.00pm), Saturday 8.30am - 4.00pm
At G T Harvey and Partners we pride ourselves on eye-care and eyewear for all of our patients. Advances in technology over the last few years have now made it possible to provide a much more sophisticated examination than ever before.

Since its inception over 15 years ago Eyecare 21 membership has become the first choice for many of our patients to fulfil all their eyecare and eyewear needs.

March 2019 sees us launch our latest updated membership, introducing Eyecare 21 “Style”.

**What is included in an Eyecare 21 examination?**
- An eye examination using the latest technology, not only to ensure that you get the most accurate prescription possible, but also to ensure that the health of your eyes is fully investigated and monitored.

In addition to this you will receive a substantial reduction on any spectacles that you require.

**What is included in an Eyecare 21 examination?**

An Eyecare 21 examination is the most comprehensive examination that we can provide.

It includes a full assessment of your prescription, as well as an extensive health check of your eyes.

The examination uses the latest advanced technology including photography and OCT scans, as well as our Optomap imaging which gives us a 210° view of your Retina. These assessments together with all the other tests we perform allow us to detect any signs of eye problems at the earliest stage.

The presence of signs for Glaucoma, Cataracts, Age-related Macular Degeneration and many other eye diseases can be identified.

**What are the advantages of joining EC 21?**

If you are an Eyecare 21 “Classic” or “Gold” member you will get 25% off all spectacles this includes both the frames and the lenses.

You will also get a saving of 25% off selected prescription sun spectacles.

For Eyecare 21 “Style” members you will get a saving of 30% off spectacles - frames and lenses - with 30% off selected prescription sun spectacles.

In addition to the “Style” members receive a further £225 saving off one pair of spectacles, each year from the start of your second year of membership.

**How much does it cost?**

Fees are paid monthly by Direct Debit:

- "Classic" costs £19.95 per month
- "Gold" costs £24.95 per month
- "Style" costs £29.95 per month

Eyecare 21 membership runs on an ongoing basis and you must be a member for at least 2 years to be eligible for all the benefits. You may cancel your membership at any time after the first 2 years by giving us 6 months notice - we only see very few patients do as they appreciate the value of Eyecare 21 membership.

**How long does an Eyecare 21 examination take?**

We allow between 40 minutes to an hour for a full Eyecare 21 eye examination.

In addition to this we allocate at least another 45 minutes for a full dispensing consultation and longer if required.

**Spreading the cost of your eyecare and eyewear**

Patients will be seen annually for a full Eyecare 21 examination which will include all the normal tests performed in the standard examination plus all of the following as required:

**Optomap Imaging**
- Recommended for all patients
  - Unparallelled examination of the retina.
  - 200° - 80% image of the retina.
  - Earliest possible detection of retinal disease.

**Ocular Coherence Topography (OCT)**
- Recommended for all patients, in particular those:
  - With a family history of Age Related Macular Degeneration.
  - Whose symptoms or signs indicate the possibility of Age Related Macular Degeneration.
  - Over the age of 40 with a family history of Glaucoma.
  - Whose signs or symptoms indicate the possibility of Glaucoma.

**Digital Retinal Photography**
- Recommended for:
  - All patients

**Anterior Segment Photography**
- Recommended for all patients, in particular those:
  - With early Cataracts or at risk of developing Cataracts.
  - Who have Dry Eyes.
  - Corneal or Conjunctival problems.
  - Patients who miss one or more points on the standard Fields Test.

**Ocular Coherence Pachymetry**
- Recommended for:
  - All patients with elevated intraocular pressures.
  - All patients who are considering or who have had any form of refractive laser surgery.

**Corneal Topography**
- Recommended for:
  - All post laser or any form of refractive surgery.
  - Complicated contact lens patients.
  - Any corneal disease or suspicion or risk of Keratoconus.

**Macula Pigment Density**
- Recommended for all patients, but in particular those:
  - With a family history of Age Related Macular Degeneration.
  - Whose symptoms or signs indicate the possibility of Age Related Macular Degeneration.

**Full Threshold Visual Field Examination**
- Recommended for:
  - Patients who have a family history of Glaucoma.
  - Patients who miss one or more points on the standard Fields Test.
  - All patients who require a visual field test.

**DVLA Visual Field Assessment and Report**
- Recommended for:
  - Any patient who is in the process of renewing their driving license and requires written standards and findings about their eyes.

**Dilated Examination**
- Recommended for:
  - Any patient suffering from flashing lights or floaters.
  - Any other possible pathology affecting the peripheral of the retina.

**Who should I become an Eyecare 21 member?**

By becoming an Eyecare 21 member this allows you to access the most advanced eyecare possible in a high street Optician.

Why should I become an Eyecare 21 member?
- All patients

**What are the 3 types of membership?**

You can choose your membership from:

- The “Classic” is based on the original Eyecare 21 concept, which includes a comprehensive eye examination and a saving of 25% on all spectacles.
- “Style” has all the benefits of “Classic” but also includes management of any Dry Eye problems.
- “Gold” has all the benefits of “Classic” but also includes an integral part of their fashion style.

It includes all the benefits of “Classic” but with an additional savings on your spectacles. “Style” is the category for patients who are serious about their eyewear fashion.

**What are the advantages of joining EC 21?**

If you are an Eyecare 21 “Classic” or “Gold” member you will get 25% off all spectacles this includes both the frames and the lenses.

You will also get a saving of 25% off selected prescription sun spectacles.

For Eyecare 21 “Style” members you will get a saving of 30% off spectacles - frames and lenses - with 30% off selected prescription sun spectacles.

In addition to the “Style” members receive a further £225 saving off one pair of spectacles, each year from the start of your second year of membership.
